

## Paramedic – Care Flight Ground Operations (Quincy/Greenville, CA)

### Immediate and Future Openings

**Quincy/Greenville/Plumas County:** Live, work and play in one of California's best kept secrets! Plumas County is in the heart of the Sierra Nevada's in California. With abundant lakes, rivers, streams, trails, mountains and wildlife, Plumas County is an outdoor enthusiasts dream. Not to mention the numerous communities where you know your neighbors and enjoy a slower paced atmosphere. Almost directly in-between Reno and Chico, you aren't too far from more metropolitan areas if you need access to bigger stores and chains. Plumas County offers year-round outdoor recreation, community gatherings and events as well as the rural feel but with amenities still located locally and close by.

**Job Opportunity:** We are currently hiring a Full-Time ground ambulance Paramedic to work in a dynamic and forward-thinking rural hospital-based EMS system. As a Paramedic at Care Flight Ground, you not only work on an ambulance and a quick response vehicle (QRV), you also work in the Emergency Room at Plumas District Hospital, whom we are partnered with to run their EMS Program. Our clinicians are able to work within their scope of practice within the hospital and are an integral part of a robust integrated health team we have built within the communities we serve. Our team members are trained in and perform low angle rope rescue and carry low angle gear on our ambulances. We provide medical coverage and services to large wild land fire incidents throughout the summer as well as special events coverage for athletic and musical venues and festivals. Care Flight is very involved in the communities and offer and provide education to co-responding agencies and citizens alike. We adhere to high clinical standards and our clinicians utilize critical thinking and practice medicine in multitudes of clinical settings and scenarios within the rural areas we cover. We also work closely within our Care Flight organization and routinely transport with our flight and critical care teams when weather prevents them from flying. Career opportunities also exist within the Care Flight organization for movement into our CCT, fixed wing and rotor wing platforms located in Nevada and California.

**Pay & Benefits:** Pay is commensurate with your experience level. Care Flight offers an exceptional medical, dental and vision insurance package to employees and their families for a below-average cost. In addition, employees are offered a 401(k) with company match, company paid STD, LTD & basic life insurance, generous education allowance, free re-certifications, gym reimbursement, company paid uniforms and boot allowance.

Send a resume or visit our website at [www.remsahealth.com](http://www.remsahealth.com) to apply and schedule a webcam interview or in person interview.
