Statement of Contract Negotiations

Nor-Cal EMS recently initiated a Request for Proposals (RFP) to secure exclusive ambulance services for Lassen County. On Wednesday, June 25, 2025, the Proposal Review Committee convened to evaluate a submission from Sierra Medical Services Alliance (SEMSA), which included a comprehensive presentation detailing their service capabilities. Following a thorough review, the Committee recommended that Nor-Cal EMS enter into contract negotiations based on the merits of SEMSA's proposal. Nor-Cal EMS extends its sincere appreciation to the Committee members for their expertise and diligence and looks forward to a successful collaboration with SEMSA in delivering high-quality emergency medical services to the residents and visitors of Lassen County.

Donna Stone
